

THE CAPITAL PRACTICALLY COVERS THE PURCHASING CLASSES WITHIN EDMONTON'S HOME TERRITORY

UNITED STATES WILL NOT ASK!

EXTORTION DEMAND!

Cause of Rebels To Be Considered In Negotiations

Program Provides for Liberal Participation by the Constitutionalists in the New Provisional Government if They Are Willing to Discuss the Peace Plan and Aid in Settlement

Niagara Falls, Ont., June 9.—Mexico will not be asked by the United States to pay war indemnity. The Huerta government has learned through the American delegates that the Wilson administration will be content to have set up in Mexico a stable government to succeed Huerta rule.

An intimation that the United States would not demand reparation for the losses sustained at Vera Cruz or expect to be repaid for the enormous expenditures already made in an attempt to pacify Mexico, was given to the Mexican delegates soon after the conference ended. This made it easy for the opposing delegates to meet harmoniously. It was responsible largely for the ease with which a general understanding was reached between them and lent consistency to the American demand that consideration be given to the constitutionalists' cause.

The submission yesterday of the American plan, accompanied by verbal statements by the delegates from the United States, removed all doubt that that country was not disposed to make any unnecessary drain upon Mexico's already depleted finances.

The American Plan. The mediators today submitted to the Mexican delegates the counter proposals of the American government for the pacification of Mexico. The American plan is with few modifications the same as that which the mediators and Mexican delegates recently agreed upon and which General Huerta has proved.

It provided the method of transferring the executive power in Mexico City from the present regime to a new provisional government which shall in a few months conduct elections for president, vice-president and members of congress. No one has been agreed upon between the Mexican or American delegates for the new provisional president, or his cabinet. In fact neither side has yet made its nomination.

Program of Proceedings. The program of the proceedings is as follows: Within a day or two the Mexican plan and the American plan will have been dovetailed into one and a full conference of all parties will be called.

Final approval is not expected immediately from either party, however, as the mediators will endeavor to bring the American delegates to ascertain the attitude of the constitutionalists. This was reached through the Washington government or any manner the delegates choose. The mediators will take a recess in the afternoon.

Should there be any new suggestions from the constitutionalists the United States government will endeavor to arrive at a compromise with them. When an agreement is reached the results will again be placed before the mediation board and the Huerta delegates. The expectation is that if the constitutionalists are willing to discuss the peace plan with the American government an agreement can be reached at a short time as the program already makes provision for liberal participation by the constitutionalists in the new provisional government.

Correspondence Ends. The correspondence between the mediators and the constitutionalists is expected to be brought to an end in three or four days. The mediators are expected to be on their way to the United States in the near future. The mediators are expected to be on their way to the United States in the near future.

It was announced by the mediators that they would make public today through the American delegates that General Carranza's answer to their latest note had been despatched to Washington and would be forwarded by Rafael Zubaran. It was decided, therefore, to withhold publication for the present.

New Bells Express Orders. A branch express office has been instituted in the city treasurer's office for the convenience of heads of city departments, where money orders to all parts of the world are issued. The issuing of orders is not confined to city officials or employees, and any person who desires may purchase orders at the branch office.

U.S. GOVERNORS TO MAKE TRIP TO 'PEG ON NEW ROAD' Winnipeg, June 9.—The governors of the American States of Texas, Oklahoma, Kansas, Nebraska and the two Dakotas, are expected to arrive in Winnipeg early in the week. They will be on their way to the north end of the long talked of Meridian road, which is said to be a short cut from the south end of a small stretch near Morris, on the Canadian side of the boundary. The party will be accompanied by the Winnipeg Automobile club.

RECKLESS DRIVING OF CARS TO STOP, SAYS MAGISTRATE

His Worship Imposes Heavy Fines for Violation of Motor Vehicle Act. SPEED AS HIGH AS 30 MILES AN HOUR. Police Court Judge Issues a Warning to All Taxi Drivers in the City.

An even half dozen fines were handed out for exceeding the speed limit in violation of the motor vehicle act, by Magistrate Massey in the local police court this morning. The speed in some instances was shown to be as high as 30 miles an hour.

This reckless and careless driving in the city has got to stop," said his worship in warning the offenders and proprietors of the taxi-cab companies. "Drivers are at the present time exceeding the speed limit, and this is wrong and everything else," concluded the magistrate.

The round-up was the result of the activity of Detective Gould and Constable Fraser on Thursday last. Armed with a steel trap, with which they measured off a given distance, and two stop watches, they took their stand at the high level bridge.

The J. L. Jones company were asked to pay over \$15. The driver's plea was that the speedometer was broken, failed to carry weight as an excuse for an infringement of the law.

The Welman Graver company appeared on a similar violation for the second time. The driver did not think he was going so fast.

"You know what the fine is for a second offence, \$75.00," said his worship. "Under the circumstances I will fine you \$10.00 and costs. I will also remind you that the third offence is imprisonment without the option of a fine."

The Phoenix Taxi company also claimed to suffer the loss of a speedometer. The driver stated he was required to use his own judgment and did not think he was exceeding the speed limit.

The case of the Edmonton Paint and Glass company was adjourned until this afternoon. One of the company's salesmen claimed that he had a hurry-call, and was in a hurry to get to work.

The Canadian Equipment Supply company were let off with a \$10 penalty and costs, owing to the driver claiming that the speedometer was broken.

INDIANA GOVERNOR PROMISES CLEMENCY TO GEORGE M. HALL Industrial Commissioner George M. Hall is a member of the executive committee of the Public Employment office, which has not yet chosen the city for its 1911 convention.

SNOW INTERFERES WITH TRAFFIC ON STREETS OF PARIS Paris, June 9.—Two and a half inches of snow and half fell in one section of Paris early last evening, and the amazing spectacle was witnessed a June day in the avenue des Champs Elysees.

POLICE INQUIRY OPENS ON FRIDAY. Justice Scott has arranged to begin the police investigation on Friday morning. The inquiry will be held at the court house, and the first session will open at 10 a.m. on Friday.

FLOODS EBBING AFTER DOWNPOUR LASTING 6 DAYS. River Falls Thirteen Inches in Nine Hours This Morning.

WEATHER PROSPECTS SOMEWHAT IMPROVED. Nearly Five and a Half Inches of Rain Fell Since Wednesday Last.

The almost incessant rain since last Wednesday morning, which ceased at 6 o'clock this morning, between 6 and 1 o'clock, only two hundredths of an inch of rain fell and the skies cleared considerably.

Manager Peace River Land and Trading Company Covers Big Territory. NEW STORE OPENED BY HOSPITAL BALL.

Farmers in Far North Fort Vermilion District Are Unusually Prosperous. After a trip of inspection of the company's stores in the north, C. G. Sinclair, general manager of the Peace River Trading and Land company, has arrived back in the city, bringing with him \$20,000 worth of furs.

Mad Clogs Filters. The water in the mains has been murky during the past day or two, owing to the leakage of the filters at the pumping station.

COURT HOUSE FLAG HANGS IN TATTERS AFTER RECENT STORMS. That the flag which flies on the Edmonton court house may have braved the battle and the breeze for more than 1,000 years, was the remark made by one citizen, this morning, when he noticed the condition of the emblem of the empire is in.

Wants Plans Filed. Moore, June 9.—The council has requested the railway commission to take what steps are necessary to complete the Grand Trunk Pacific, to file plans of the company's proposed depot in terms of the order from the province, which has been filed by the 24th instant to consider the matter.

At Least Nine Drowned. St. Louis, N.B., June 9.—Eight severe storm on Friday night, the fleet of fishing vessels on the north shore of the province was badly crippled. Reports vary concerning the number lost, though it is definitely known that more than a dozen have been drowned, eight from Carleton, N. B., and one from St. Simons.

MRS. L. HUMPHREYS. MISS FAIRFIELD ASKS MOTHER TO ELOPEMENT.

New York, June 9.—Eighteen, talented, lovely, an artist with sketches approved by the French Academy of Design and an athlete who can outswim all of the nymphs of the New England coast, it was only natural that Miss Jane Fairfield, daughter of Mrs. James Cummings Barr, should be above the social pomp of a splendid wedding.

Understanding the foibles and frailties of parents—as perhaps they do not understand them themselves—it was like her to invite her mother to her party.

Started, breathless, looking in vain for pity into the eyes of her determined daughter, and of young London Humphreys, all that Mrs. Barr could do was to rush to the telephone in her apartment and call the Rev. Dr. F. L. London Humphreys at his Morrisville (N.Y.) residence.

She begged "Come at once" or some phrase equally calculated to fill the Humphreys household with fears of death and disaster. Then she turned again to the young people with a beseeching plea for postponement.

"I want you to be here for Miss Wastaf's wedding next Thursday," she urged weakly.

Mrs. Barr succeeded meekly to the fact, who had arrived home from Paris only the day before.

Dr. and Mrs. Humphreys rushed here by auto to find out what was the matter. To find that their son was alive was joy enough to make forgiveness of the marriage plan certain. Dr. Humphreys himself performed the ceremony. Afterward, he made out a little document that he had intended to make out until next fall—a check for \$50,000 as a gift to the bride.

TELEPHONE RATES TO BE CONSIDERED BY CITY COUNCIL. Commissioner Chalmers to Make Another Plea for Increase in Both Services. HIGHER FIGURE WILL REDUCE THE DEFICIT. Other Matters of Importance Will Come Before Body at Tonight's Meeting.

The matter of the increase in telephone rates will be the main topic of attention of the city council at tonight's meeting. At the last meeting of the council both the majority and minority report advising the increase in business rates alone and the minority report advocating an advance in both business and residence rates, were rejected.

Commissioner Chalmers has prepared a report to submit to the council tonight showing the status of the situation. This report shows that with the present number of instruments in service at the present rate there is a net monthly deficit of \$225. With both rates advanced, even with but the present number of instruments in service, the deficit will be reduced to \$125.34.

The report shows that with the installation of new telephones the advance in rates on both business and residence telephones will reduce the monthly deficit to \$20.92. With but rates advanced, even with but the present number of instruments in service, the deficit will be reduced to \$125.34.

Other Important Measures. Other important measures that are to come before the council tonight include the settlement of the cost of the Northern railway's south entrance. The council is on safety and health will submit its report wherein it sets the price of lots 9 to 16 block 25-A, St. James, for right of way purposes at \$14,800, with interest from June 8.

Also the matter of the purchase of a site for the proposed stock yards between the Port Saskatchewan trail and the C.N.R. tracks. Alderman Sheppard, a member of the committee, said that the purchase of a larger tract east of the packing district and the discussion probably will be taken up at the meeting.

Commissioner Booth has prepared a resolution advocating the insertion in the Municipal Charter of a set of rules concerning the purchase and sale of oil stoves, with a view to protecting property from unscrupulous dealers. Commissioner Saunders has a schedule of trees planted, the dates when they were planted, and the names of the persons who have been taken in the planting of trees for the city.

Protest Forwarded. The commissioners have frowned on the project of W. E. Skinner, Ltd., of Winnipeg to install a plant for heating purposes. They aver that the city did not properly laid out to permit the installation of a central plant.

Their report will come before the council.

A. F. Ewing, member of the house from Edmonton, and Attorney General C. O. Ross, of the Senate, were in the matter of the house for wayward girls advocated at the public meeting May 27. Ross, a member of the committee with the provincial government and to do all in their power to bring about favorable conditions.

The usual number of departmental reports together with routine business will complete the activities of the council for the evening.

BARBERS DISLIKE BILL PROHIBITING THE USUAL GIFTS. Montreal, June 9.—Local barbers disapprove of a new law prohibiting the giving of gifts, and are planning to demand 50 per cent. of the year over 125 per week; holidays on Labor Day, Christmas and New Year; hours of work, 9 a.m. to 5 p.m., wages of \$12 per week for all employees. In barber shops whose receipts per week are from \$25 to \$35, and \$15 per week where the earnings are above this amount.

HON. P. E. LESSARD EXTENDS GREETING FRENCH CONGRESS

Conspicuous Opening of Société du Parler Français d'Alberta.

DELEGATES ATTEND FROM MANY CITIES

Large attendance Marks Opening of Third Annual Convention.

It was an enthusiastic gathering that marked the opening of the third annual convention of the "Société du Parler Français d'Alberta" in the Senate school hall on Third street last night. The attendance was a representative one, not only of all French-Canadian speaking people from various parts of the province, but also from more distant points as far east as the grand old historic city of Quebec.

The commodious hall was taxed to its utmost capacity and the most intense interest was manifested by the large audience present throughout the evening's programme.

The nature of the different able speeches that were delivered were symbolic of the uplifting and advancement of the descendants of the mother tongue.

The Hon. P. E. Lessard, M.P., the honorary president, extended the society's greetings and hearty welcome to all foregathered and to the delegates from afar, in his opening address.

Hon. Legal followed in a highly instructive speech along educational lines and its many courses. He reviewed the literature they as French-Canadians enjoyed from the aspect of religion and citizenship.

Father J. A. Dumont, representative of the society from the city of Quebec, dwelt on the preservation of the French language among themselves as a people. In an address that was warmly appreciated by all who had the pleasure of listening, he spoke of the French language as the key to the future.

The next speaker, Hon. A. Alph. Tanguay, Attorney-General of Saskatchewan, took up the educational aspect of their people and the number of libraries extended by both governments in the two provinces of Alberta and Saskatchewan. He fervently impressed upon his hearers, in an eloquent appeal, the necessity of preserving and maintaining their own language as French-Canadians.

Prominent among other speakers of the evening was Father J. A. M. Broussard, delegate from the St. John Baptiste Society of Montreal.

The present convention, which will continue for three days, concluding Wednesday, promises to eclipse all former ones in the history of the society in this province.

NEW STREET CAR FARES EXPECTED TO OUT DEFICIT

Figures Show That Five Cent Rate is Increasing Receipts on All Lines.

ALL OLD TICKETS
SOON COLLECTED

But Two Routes Now Being Operated at Loss, According to Commissioner's Report.

The increase in street car fares seems to be doing much toward lifting the deficit that is hanging over the street railway department. The traffic has not fallen off to any marked degree with the boosting of fares, and the income has as a consequence been considerably increased.

On the 12th street line to the parking district the fares collected for the week ending May 28 were the heaviest. Receipts on this line amounted to \$1,018.95, nearly \$1,000 over the average receipts under the old fare system. Only \$604.82 was collected off this line during the last week in April. The receipts for each car per day were \$12.87, as against \$12.22 during the last week in April.

The high level bridge route paid \$126.22 for the week in question, as against \$127.95 for the last week in April. The average receipts for each car per day were \$41.74, compared with \$39.87. The apparent discrepancy is accounted for by the fact that more cars were placed on the line during rush hours.

The low level and Highlands route paid \$12.31 for the week ending May 28, and the receipts for each car per day were \$12.47, compared with \$12.25 for the last week in April.

The Nelson-Spruce line paid \$11.61 for the week, as against \$10.95 for the last week in April, while average receipts for each car per day were \$44.87, as against \$44.15.

The Alhambra and Syndicate avenue and Bonanza Down extension lines paid but \$11.14 and \$51.18 for the week, both lines being operated at considerable loss.

A number of the old tickets are still out, but these are being collected, and within a month it is expected that the five cent fare will be in universal effect.

FOUR ARE KILLED AS RESULT OF RIOTING OF ITALIAN ANARCHS

Lieutenant of Infantry is Soundly Beaten and His Uniform Torn From Him—Police Badly Mauled and They Are Obligated to Use Their Fire Arms in Self-Defense.

Ancona, Italy, June 9.—Four persons have been killed as a result of the rioting here which broke out yesterday in an attempt by anarchists to prevent the celebration of a national fête. During the Sunday rioting the carabinieri fired several volleys and the mob replied with stones and bullets.

The disturbances continued yesterday and the authorities are having difficulty in quelling the agitation.

A body of workmen made their way to the lower part of the city came upon a lieutenant of the infantry and soundly beat him, breaking his sword and almost stripping his uniform from him.

NO OFFICIAL WORD FROM TAMPICO HAS REACHED ENGLAND

London, June 9.—The government has not been officially informed of the situation at Tampico or of the orders to Rear Admiral Haddock, issued before President Huerta withdrew from his position of blockading the port, to

The government commissary has issued a manifesto expressing regret at the killing and stating that a rigid inquiry will be held for the purpose of ascertaining who was responsible for the fatal shots.

A mob visited two gunsmiths' stores and although these were protected by soldiers they succeeded in taking a number of revolvers, but no ammunition.

A small body of police which arrived here to reinforce the regular men were caught by strikers as they were leaving the railway station and were badly mauled. They were obliged to use their fire arms in self defense.

protest the steamer Antilla with arms and ammunition for the rebels. The officials have read the stories in the newspapers, but refuse to make any specific comments. It is safe to say, however, that no matter what the ideas may be the attitude of frankness and friendliness between Great Britain and the United States was never stronger than it is today, notwithstanding the fact that Great Britain has consistently held that the American policy was totally wrong.

GENERAL VILLA at Saltillo and MRS. ELVIRA GUITER-RIEZ, the Joan of Arc of North Mexico, who though not yet twenty, has fought in seven battles.

TEN OUT OF THIRTEEN EDMONTON PASSENGERS STILL UNIDENTIFIED

Montreal, June 9.—William Sitt, general passenger agent of the Canadian Pacific, who returned from Quebec yesterday, stated that there were approximately 50 bodies which had not been identified. These, he said, had been most carefully embalmed and would be kept in vaults as long as possible. In the meantime, every possible mark which might lead to ultimate identification had been recorded. This, in connection with the wide dissemination of the disaster, it was hoped, would lead to the recognition of a number of bodies at present unidentified.

A party of four mourners from Edmonton, Alberta, have been in Quebec seeking the bodies of 13 Edmonton passengers on the Empress. So far, Robert Stevenson has found his dead wife, and Robert Purvis has identified Mr. Scott and his child, these being the only identifications by the sad little party.

WIRELESS CARRIES CONVERSATION FOR HUNDREDS OF MILES

London, June 9.—William Marconi declares he has heard wireless telephone conversation with Berlin, 600 miles distant, and also received communication between ships 40 miles apart, even overbearing talk in the room not spoken into the instrument. Marconi's London office daily talks by wireless with his factory at Chelmsford, 20 miles away.

CITIZENS ORDERED STEAK; LATER FIND PROPRIETOR DEAD

Lytton, B. C., June 9.—Two citizens on Sunday evening went into Alex Johnson's little restaurant and ordered a large steak, well done. The proprietor who took their order went to the kitchen. The two men waited for half an hour and then being the only patrons of the restaurant present, went out to investigate, they found Johnson lying on the floor with his throat cut. He was quite dead. A Chinese cook named Lee Wah, was calmly washing his hands.

The police were notified and Lee was taken into custody, but it later developed that Johnson committed suicide. The coroner's jury returned a verdict of suicide.

RIBOT ACCEPTS OFFER FROM PRESIDENT TO FORM NEW MINISTRY

Paris, June 9.—Senator Alexandre Ribot Sunday night accepted President Poincaré's invitation to form a ministry. He has already obtained promises of adhesion from Leon Bourgeois for the foreign office; Thophile Delcassé, for the department of marine; and Jean Hurry for public works and hopes to be able to present a complete list of the new cabinet before tomorrow night.

M. Ribot is in his 73rd year and has held various positions in previous cabinets as well as the present.

HAMBURG-AMERICAN'S LINER VICTORIA LOUISE MAKES VIOLENT LIST!

Lurch so Sudden That Fifty Members of the Crew Aboard Are Hurled From Their Bunks in the Lower Section of the Ship—Divers Sent Down to Pump Out Compartments.

Berlin, June 9.—The Hamburg-American line officers state that the reports published in Berlin that the Victoria Louise had "sunk" are exaggerated. From an independent quarter of Hamburg the facts are said to be as follows:

About 2.30 this morning the vessel suddenly listed violently to starboard, at an angle of 45 degrees. The lurch was so sudden that fifty members of the crew aboard were hurled from their bunks in the lower section of the ship and owing to her slanting position they were able to clamber to the upper deck only with the utmost difficulty. A man first reported to have been drowned, later turned up safe. As soon as the Victoria grounded, divers were sent down to begin to pump out the flooded compartments. The vessel was so firmly submerged that four heavy tugs working all day were unable to bring her upright, but the reinforcements to be employed during the night will, it is hoped, accomplish the desired result. It is claimed that the position of the Victoria meantime is in no respect dangerous.

SENATE SHOWS ITS INDEPENDENCE IN BANK LEGISLATION

Bill to Reimburse Farmers Bank Depositors Killed by Non-Party Vote.
CONSERVATIVES ARE EQUALLY DIVIDED
Liberals cast Majority of Seven Votes in Favor of Hoist Motion.

Ottawa, June 9.—By a vote of 32 to 25, in which party lines were completely eliminated, the bill to reimburse the depositors of the defunct Farmers' Bank was given a six months' hoist by the senate last night.

Eleven Conservatives voted for the six months' hoist and eleven against. Twenty-one Liberals voted in favor of the amendment and 14 for the bill. The vote itself was a peculiar one, as Senator Bostock, Liberal leader, voted against the six months' hoist moved by Senator Power, one of his own followers, and supported a government measure. Sir Mackenzie Bowell voted for the six months' hoist, while Senator Mason, president of the House of Commons, voted to reimburse the depositors.

The political complexion of the vote was as follows: The Conservatives voting for the six months' hoist were Senators Bostock, Keen, Daniels, McKay, Ross (Middleton), Corby, Murphy, Laidlaw, Curry, Russell, Montblanc.

The Liberals voting for the six months' hoist were: Beland, Fild, LeGris, Thibodeau, Giddens, Kerr, Davidson, Power, Thompson, Forget, Jaffray, Terrier, Roche, Farrell, Desauls, Choquette, Yee, Both, Gilmour, Charron, Lavergne.

The Conservatives against it: Loughheed, Baird, Mason, Gordon, McLaren, Taylor, Pope, Smith, Donnelly, McCaul, DeBoucherville.

The Liberals against it: Mitchell, David McHugh, Donville, Casgrain, Dostick, Derbyshire, Develin, Young, Watson Ross (Moore Jaw), Hatz, Eoyer and Talbot.

The result of the vote means that the measure is killed as far as this session is concerned.

The vote came as a complete surprise and was soon known in the corridors. The debate occupied a portion of the afternoon, and all the evening sitting, the argument for and against the bill being much the same as those advanced in the Commons debate.

Senate Committee Report.

BETTER BABIES CONTEST BEGINS MONDAY JUNE 22

All-Round Healthy Development Rather Than "Prettiness" Will Count.

MEDAL AWARDED FOR BEST DEVELOPMENT

Will Be Held at Royal Alexandra Hospital—Every Comfort Provided.

Edmonton's Light Infirmary will be on parade week commencing June 22, in other words the Better Babies contest will be on at the Royal Alexandra hospital under the auspices of the Edmonton City Dairy Bureau. The purpose of the Better Babies Contest is to assist in giving every baby the right kind of a start in life. It is planned to provide useful information of a kind that is not usually available to the parent in any other way.

The contest will be conducted along the lines formulated by the Better Babies Bureau of the City of New York. The babies will be judged according to a score card prepared by this bureau. Nine thousand points are given for a perfect child. The emphasis is not placed on handsomeness or "prettiness," but on all-round healthy development, and while it is the baby who is possessed of the greatest health and a good physique that will win the highest score, it is the baby that suffers from some defects that will receive the greatest benefit from the contest. The defects will not merely be pointed out by the examining physician but also suggestions will be made as to how to overcome them.

The medical arrangements of the contest are under the direction of a committee appointed by the Edmonton Medical Society. The contest will begin on Monday afternoon, June 22, at 2 p.m. in the Royal Alexandra hospital. The parents of babies entered will be notified in advance of the time at which they are to be present. A waiting room will be provided with coats and all conveniences for the comfort of mothers and babies. In connection with the competition it is being arranged to install a health exhibit.

The procedure of the contest will be as follows: The mothers, having been notified in advance of the day on which they are to bring their babies, will be present at the hospital at the appointed hour. It is extremely important that any mother who enters a sick child that might communicate its disease to other children, so we shall assume that mother and baby pass into the waiting room. Here the nurse examines the entry, acknowledges with the application for entry on the face of the score card, and mother and baby are ushered into the room where the first phase of the examination takes place. This is the mental and developmental test as outlined on the score card. The doctor in charge here decides on the proper number of points to award under each heading and either he or his assistant writes them on the score card.

Mother and baby then pass to the next room where the measurements are taken. This will be especially warm and comfortable as baby will have to be undressed. A bag will be provided for carrying baby's clothes from room to room and it will be well for the mother to bring with her a small kimono or some such wrap for the child to be used during periods when it is not under the scrutiny of the doctor. The doctor in charge of the measurements will see that the proper score is entered up and then the physical examination will be made. Different phases of this test will be conducted by different doctors, as an eye, ear, throat and nose specialist, a dental practitioner, etc. When each examiner has entered up the proper score under each heading the score card will be passed to the person in charge of the scoring who will total up the number of points and arrive at the percentage.

A bronze medal will be given for the champion baby of the contest and likewise for the champion girl. Likewise each of the champions will be presented with a fine engraved photograph of him and of herself. Diplomas will be given to the highest scoring baby and girl in each class and certificates of examination to every baby examined in the contest. The purpose of the contest is educational and not to induce a competition for monetary prizes. However, a second contest will be held in the Autumn, at which all babies entered will be eligible to enter as well as any others in addition, and at this second competition, substantial cash prizes will be awarded for the highest scoring boys and girls.

Entries for the contest are to be made on the forms provided on the face of the score cards. If you have entered a score card you can make entry by giving the date, your name and address, and the age and sex of the baby, and mailing the score card with these particulars to us. We shall send you an acknowledgment of your entry with your entry number on it, and later notify you of the day on which to be present at the contest. If you have not received a score card you can obtain one by writing or phoning to us by calling at our office or at our paper Avenue branch, 2649 Jasper East, or by speaking to the B.C.D. milk man.

Judge Dismisses Charge
Calgary, June 8.—After the evidence of the first witness for the crown was finished and without calling upon counsel for the defense to cross examine Justice Walsh, this morning, in the Criminal Court, dismissed the case against William F. Noakes, a private detective employed by the Central Detective Agency, who are charged with the extortion of \$1,000 from Hugh Williams, of Strathmore.

MEDICINE HAT DEFEATS MILLERS SCORE WAS 14-8

Heavy Hitting Game Gives Mad Hatters Fifth Straight Win.

Medicine Hat, June 9.—Medicine Hat took the first game of the series from Moose Jaw yesterday 14 to 8, after a great uphill battle, and made it five straight wins. It was an awful hitting game. Moose Jaw jumped into the lead in the first, but lost it in the second. In the last of the eighth they started a slaughter of the Moose Jaw pitchers and 12 men went to bat, and with three walks and six hits, three for extra base hits, they got nine runs. Two umpires worked in yesterday's game, Wheeler and Mackin. Score by Innings:

Medicine Hat ... 920 000 054—14 8 3
Moose Jaw ... 101 012 000—8 12 3

Batteries—Martin, Lind and Riser; Harrah, Jarrold, Concanon and Wally.

Walt Anderson Will Wrestle.

Walt Anderson, of Glenora, Alta., champion of the heavyweight wrestling championship of the province, is to be a busy athlete this week. On Thursday night at Glenora he meets Penney, and on Friday night he is matched to wrestle Simmons. The outcome of these matches will be watched with interest, as a win for Anderson over these two men, will prove beyond any doubt his right to the title of provincial champion.

Morris Wins on Foul.

Joplin, Mo., June 8.—Carl Morris, Oklahoma heavyweight, was given the decision over Jim Flynn, of Pueblo, in the ninth round of a scheduled 15-round bout here last night, when he went down under a blow that the referee decided was a foul.

ONLY RECORDS RECOGNIZED BY THE INTERNATIONAL FEDERATION

LYONS, France, June 9.—For the first time in the history of Athletics, an official list of world's records, to be recognized by all nations was drawn up Saturday by the records committee of the International amateur athletic federation meeting at Lyons. It is expected that the list as announced by the committee will be adopted by the federation. It is expected, however, that opposition may arise in the case of discussion in which the committee having abolished the 8-foot 2 1/2 inch crotch from the rules has been unable to recognize any record except that of the American, James Durbin, made at Celtic Park, in 1917-18, 9' 1 1/2 inches. One of the features of the sitting was the elimination of innumerable records for special distances and also of all records except those made on a track. The committee decided to eliminate all records above 25 miles or forty kilometers, and also all records above two hours, on the ground that contests at greater distances would be exhausting and should not be encouraged. The only records that will be recognized in the future by the international athletic federation, if the report of the committee is adopted, is the following:

300 yards, held by Kelly; 220 yards, Wefers, Craig, Kelly and Lippincott; 400 yards, Long; 600 yards, Sheppard; 800 yards, Meredith; 1000 yards, Sheppard; 1200 yards, Connett; 1 mile, Jones, all American records. 2, 4, 6, 8, 10, 12, 15 and 20 miles, all held by Shrubbs, England. 15 miles, Appleby, England; 20 miles, C. Croelandt, England; 25 miles, H. Green, England. One hour, Jean Guerin, France; 2 hours, H. Green, England. 120 yards hurdles (2 1/2 feet) held by Americans; 440 yards hurdle, 2 feet, G. R. Landerson, England.

EASTERN LACROSSE NEWS.

Trempealeau have a couple of good prospects in McDonald of Brainerd and Marshall of St. Mary's, who, along with McGregor, McComb and Carvill, should give the Indians a pretty fair bunch.

Eugene Dopp of St. Simons, the well-known hockey player, has been tendered a contract by the Trempealeau, but he is likely to remain in the amateur ranks for another year.

Secretary Frank Doyle, of the O.A.A.A. is very enthusiastic over the lacrosse prospects in the different towns throughout Ontario. He expects the big amateur Association to have the greatest year in the history of the game.

Malinda's Good Junior Aggression are not afraid to tackle the best of them. They are talking of going to Brampton, on Saturday to tackle the Mann Cup outfit.

Toronto Still expect to land Gilborn, the Vancouver goalkeeper, and "Buck" Marshall, the best defence man who was here two years ago. If they get them both the other clubs will have to hustle to keep pace with the "blue-shirts."

Quebec are not sitting idle, but are out after new material, and if there is anything in Cornwall or Montreal that does not belong to the Nationals they will be found with the Ancient Capital outfit.

Toronto's certainly have the talent to make a first-class quartette on their home. The addition of the two players from the Coast, together with Warwick, Kalk, Donohue, Barrett and Longfellow, should make the "blue-shirts" very formidable on the attack.

"Dolly" Durkin, who retired from the lacrosse arena last year, is talking of doing a "comeback" next season. Durkin was one of the best stick-handlers that ever appeared on a lacrosse field and if he can get into shape again would be a hard man to keep off any team.

Port McNicoll, organized a lacrosse team recently, and will endeavor to be placed in the intermediate series of the O.A.A.A. If they fail to get into the big amateur association they will play exhibition games for this season.

WALTER KNOX ROUNDING UP OLYMPIC MEN

Famous Canadian Athlete Will Coach British Olympic Candidates.

According to an item from an old country exchange, Walter Knox, the famous Canadian athlete, now coach of the British Olympic candidates is meeting with much success. The item is as follows:

If British athletes do not shine at the Olympic games to be held at Berlin the fault will not lie with Walter Knox, the Canadian, who was appointed chief coach some time ago. Mr. Knox has thrown himself heart and soul into his work, and as he is able to practically demonstrate his teaching, good results are likely to accrue.

The other day at Stamford Bridge it was interesting to watch him educate budding sprinters how to get out of their holes with celerity. Attired in running costume, this splendidly-built product of Canada, or rather Scotland—for he is a Scot perfected by western world methods—Knox demonstrated how effective his method of starting was, and to those familiar with W. A. Stewart's speedy beginning it was startling to find the British mentor was an even quicker beginner than the speedy Tasmanian.

One doubting Thynne, who took a deal of convincing, instance the fact that Harry Hutchins, of Putney, perhaps the fastest runner the world has seen, stood practically ere he started.

"Yes," interjected Mr. Knox, "but what would he have done had he started in this position? In Hutchins' day had you predicted that in this year of grace human beings would fly in the air, you'd have run some risk of being confined in Colony Hatch or some other similar institution. And the man who master it thoroughly is having a decided advantage over his rivals."

In bundle racing and jumping aspirants to fame were also shown many useful wrinkles, and it was evident from the turn that Mr. Knox was a wonderful all-round performer. Indeed, it is doubtful if any one in the world would be able to make much of a show against him. In sprinting it takes the very best to lower his coils. He ran clear just on 6 feet at the high jump, can vault over 11 feet. As a shot-putter and hammer-thrower he is right in the first flight. He is eminently fitted for the task of coaching Britain's select, and 1916 will probably find British athletes holding their own at Berlin.

He was in Glasgow on Saturday, and had a good "look round" at the Celtic and West of Scotland Harriers' sports. One or two lads caught his fancy, and you will admit that what Knox knows is worth knowing.

Late Basketball League.

A basketball league has been arranged for games during the next three weeks to afford athletes an opportunity to keep in shape during the rainy season. Interested players should get in touch with physical director Wood, as it is the intention to begin the league at once. The league is open to young men and business men.

Boxing Bill Defeated.

Boston, June 9.—By a vote of 106 to 89 the house yesterday defeated the boxing bill, which provided a state commission of three members to supervise the boxing bouts.

Quebec, the new team in the "Big Four," are going steadily along planning up the best players of the Irish-Canadians, and with the material available at home expect to make the other three teams hustle.

PITCHER KILLEEN RELEASED: GET NEW PLAYERS THIS WEEK

Former Californian Gets the Blue Envelope—Three Pitchers and In-fielder Will Report at Once.

No game yesterday and little prospect today. If the rain does, top soon the grand stand and bleachers will be floating all over the diamond.

Pitcher Killeen has been let go. A good pitcher but lacks control. He was formerly with the San Diego team in the Southern California league.

Gregg, Kraft and Chapman, the new twirlers will be in town in a day or two and into the game before the west is out-weather permitting. Along with Clayton and Bearman this should make a pitching staff as good as the best.

Kraft and Gregg are Northwestern league men and have had barrels of experience in the class. They will have more than make good with the Eskimos. Kraft has also seen service in the American association, playing with the Kansas City team in 1906.

BRONCHOS LOSE SEVENTH GAME SINCE JUNE 1ST

Three Men on Crippled List Makes Team in Poor Shape—Score Was 8-5.

Calgary, June 9.—The Bronchos lost their seventh straight game last night when the Regina Red Sox won by the score of 8 to 5. It was the slowest game of the season, only six innings being completed in two hours and ten minutes.

Ball held the Red Sox hitless and runless for five innings during which time the locals accumulated a five-run lead. In the fourth, after two men were out, the visitors led up the score and won the game in the last inning by scoring two runs. Baptiste relieved Ball in the fifth for Calgary.

Manager Stis changed his strategy in the third, Rhode and Roth replaced Rottorf and Smetter. Harry Thompson was injured when sliding into third base in the third inning, and will be out of the game for some time. With Thompson, Reynolds and Stis all out of the game, the Bronchos are in a very crippled condition. The score by innings:

Regina	000 503—8 5 2
Calgary	001 000—5 8 3

Batteries—Butterford, Rhode and Smetter; Roth, Ball, Baptiste and Jones.

SIR THOMAS LIPTON SAYS SHAMROCK IV. WILL LAY ACROSS

London, June 9.—Sir Thomas Lipton, after the first all-stretching spin of the Shamrock IV, is an optimistic usual regarding the chances of his challenger. He believes he has the best chance he ever had of winning the cup.

"I propose to sail the Shamrock IV, to New York," said Sir Thomas. "I do not propose to ask the New York Yacht club for any further favors, that is, I will not request the privilege of having the Shamrock. I will sail the challenger across. If she sinks, well and good, but if she wins she will win without any concessions, and the American public will grant me the honor of having won without any sympathetic violation of the deed of gift or through any favors."

And the Bronchos lost again yesterday. It was the best for a while yet. The time rain is over, several new players will have arrived, then lead us to it.

The Eskimos had their turn at it, and to tell the truth, aren't far from that same position again. But never again.

NEW BOOKLET TELLS HISTORY
OF BASEBALL AMONG ANCIENTS

(By Tom Thorp)
New York, June 6.—The chap named Chadwick, who claims to have discovered or invented baseball about 50 years ago, was a "nature faker" or something of that order, according to a little booklet that came into my possession today. After remarking that "archaeology contributes its testimony to the antiquity of ball playing," the booklet goes on to tell us about a huge number of stone slabs that have been uncovered in recent years to show that baseball became a popular pastime shortly after Noah's ark cast anchor on Mount Ararat.

Some of these slabs, "it said, show the picture of a shortstop who had huge jaws, was bow-legged and who talked with a heavy German accent. The writer of the article did not say whether this picture was that of Hans Wagner or of his father.

"Forty centuries ago," seriously states this little booklet, "the game of baseball was played on the banks of the Nile river. A leather covered ball was used. It had a sewed cover, and is on exhibition in the British museum in London, and is in a remarkable state of preservation." The article failed to say whether it was a Beach or Spalding ball.

Further on the article states: "In the twelfth Egyptian dynasty a Coptic artist sculptured on the Beni Hassan a large number of figures in the act of throwing and catching a baseball."

In another bit of sculpturing work that goes to prove that baseball is a very ancient game, it is said there are two figures, one standing in front and the other behind, and the figure in the rear is in the act of nocking the fellow in front. That goes to prove that John McEwain didn't spring any

original stuff when he began getting himself "hit from behind."

The article regrets that it cannot make known the name of the teams that won the pennant in 1991 B.C., owing to the fact that the tablet that carried the league standings for that year and also chronicled the world series stuff is so badly blurred that deciphering the chiseling has been impossible.

However, down near the bottom of the slab, and listed after a heading, "World Series Pitchers," there are some letters that stand out above the blur. These are "B—", "M—", and "P—". Many persons may think that they recognize these letters as being part of the names of certain pitchers who have indignantly denied that they have been pitching since the game began.

"In the sixteenth century," declares the booklet, "the game of ball was very popular in the courts of the princes of Europe, especially in Italy and France. The Chinese have played ball from remote antiquity, and the game had been known for centuries in Japan. The ancient Greeks prized the game very highly because it gave them grace and elasticity."

"None of the tablets that have been discovered showed whether Bill Klem used to umpire back in the old days, nor do any make mention of an umpire. However, it is believed that they did have umpires in those days, because one of the slabs shows an object-shaped like a beer bottle, hurled in the direction of the cove of a person who is seen wearing a blue cap and a blue suit, and whose pockets are bulging the same way that one's pockets bulge when one's pockets are filled with baseballs.

FAMOUS LACROSSE
PLAYER MARRIES
AN EDMONTON LADY

Freddie (Ted) Rountree, the brilliant Tecumseh defense fielder, was married last Wednesday to Miss L. L. Dunn, of Edmonton, and everyone connected with the national game will wish them all success and happiness. "Freddie," as Mr. Rountree is known to the lacrosse fans, is probably the most popular lacrosse player ever handled a stick in Toronto. He started out as a point player for Weston, but his great speed made him a wonder at third defense. He has been one of the standbys of the Indians for many years and his spectacular playing made him a big favorite. Rountree turned out with the Indians for the first two years just to show his loyalty to the club, and is likely to retire when he returns from his honeymoon, but if the Indians ever and his services will likely don his war-paint again.

Ottawa, Erie, Toronto and London have the call among the wise ones for the Canadian league championship. All are very strong and should prove the class. From all champions, Geo. O'Dell has a smashing team in Erie.

Frank O'Day is being panned properly in Chicago, and the fans, at least, are not down on him. He is already looking for a successor. He is not drawing, and when the turntable does not tick he starts to lose the cheer.

Tracy Cobb is said to have his eyes on the Federal league, but Tracy will never jump until he is absolutely certain that some millions of money are being paid for his use. He's a grand ball player, but he is likewise one grand financier.

The Toronto Internationals have won their game, not a bad showing for a team that looked bad in the early spring.

YESTERDAY'S MAJOR
LEAGUE RESULTS.

New York, June 6.—Jimmy Archer the Chicago Cub catcher, whose arm was injured in Saturday's game submitted to examination yesterday by an X-ray specialist and found that the bone was cracked at the elbow. The arm was put in a plaster of Paris cast. Archer will be out of the game for a month or six weeks.

Boston, June 6.—(Natl.) Nichols' home run and singles by Burghammer and Clark in the ninth enabled Cincinnati to win a pitcher's battle from Boston, 3 to 2 yesterday.

New York, June 6.—(Natl.)—New York won an easy victory over St. Louis yesterday by 10 to 1. Tarsus pitched a strong game for the champions and held St. Louis to three hits.

Philadelphia, June 6.—(Natl.) A batting rally by Pittsburgh in the eighth caused the defeat of Philadelphia yesterday by 7 to 5. In that inning both the visitors pitchers made good. Hays single sent in a run and Jim Kelly's double driving in two more.

Brooklyn, June 6.—(Natl.) Chicago entered the ninth inning a run behind, winning 3 to 2.

Chicago, June 6.—(Ann) Chicago made two straight from New York yesterday, shutting out the visitors. The game was a great pitcher's duel between Russell and Fisher.

Cleveland, June 6.—(Ann) Boston walked and batted its way to a 11 to 1 victory over Cleveland yesterday. Five Cleveland pitchers were helpless to withstand the attack. Bellet was not in good form, but as the Red Sox managed to keep the lead he was allowed to finish.

Detroit, June 6.—(Ann) Frank Baker's homer over the right field in the fourth, which also scored Collins, helped Philadelphia to defeat Detroit 5 to 4 yesterday. It was a hard fought struggle in which each team used two pitchers and in which extra base hits and errors came with men on the bases.

Chicago, June 6.—(Federal) Chicago lost its chance to take first place yesterday by dropping a double header with Brooklyn while Baltimore was losing at Indianapolis. Chicago was the first game chiefly through the bat. The base-running and fielding of Hamlett, in the second game both teams hit the ball hard, but Chicago fielded poorly.

Chicago, June 6.—Hearing in the Kansas City Federal league suit to injure pitcher standing from playing with the Cleveland Americans here was postponed until Friday.

Kansas City, June 6.—(Fed.) Four hits, a base on balls and infield out, and a sacrifice fly gave Buffalo a second win yesterday and enabled the visitors to defeat Kansas City. The locals scored 7 runs in the second inning but after that the local batsmen gathered only two hits off Moore and Moran.

Indianapolis, June 6.—(Federal) Indianapolis found Baltimore's pitchers easy here yesterday and scored 15 runs on as many safe hits. Baltimore was found for 8 safeties, but his opponents were able to score but five runs.

Harry Lord has quit the White Sox because he was slipping. A whole lot of the players have known for some time that he was a bad show-up year keep on drawing down the kale. Harry should remember that there's a hard winter coming.

WILMINGTON
LIFT MAJOR CUP?

Fastest Amateur Lacrosse Team in East Soon Will Play Vancouver.

ONTARIO FANS THINK TEAM HAS A CHANCE WILL BE Strong Aggregation That Beats Coast Boys On Own Ground

Brampton Excelsors will take their long journey to Vancouver in next of the Mann Cup on Wednesday, June 13. They will stop off at Winnipeg and Calgary for a day's rest on the way so they can get a little practice.

Brampton have been in strict training for over a month and will be well looked after on the trip. Vice-President Thaburn will be in charge of the party while several of the executive will also make the journey.

The citizens of Brampton have raised all but \$500 of the amount required for the journey, and it is expected that this will be forthcoming in the next two weeks. The boys are a credit to the town and can be depended upon to give a good account of themselves.

Brampton will play one game of their senior schedule before going west when they meet St. Simons on Saturday, June 13, and on the following Monday will hold their last practice before going to the west.

All the lacrosse fans in Ontario will be pulling for Brampton. They are one of the greatest little amateur teams that have ever gathered together, and have an excellent chance of bringing the Cup back to the East.

THE TOWN COUNCIL HAVE ALREADY voted the boys \$400, and all the citizens are contributing to the fund to send the boys away, and even the farmers in the vicinity are digging up their potatoes to help make the trip a success.

BARRY CAMPBELL, THE GOAL-KEEPER, is 24 years old, and only weighs 125 lbs. He is a graduate of the City League. He was a home player at the start, but soon developed into one of the best goalkeepers playing amateur lacrosse.

IN GEORGE WILLIAMS THE EXCELLENCE have a good head defense player. He is only 20 years old, but weighs about 165 lbs. and is as cool as a cucumber as a rock. He is a Brampton boy and learned his lacrosse in the juvenile City League.

CHARLIE MULLIN, THE COVER-POINT, is the veteran of the aggregation. He is 28 years old and played intermediate C. J. A. in 1904 and 1907. Then he retired for a couple of years but is now the steady influence of the defense.

FRANK BEECHAM PLAYED HIS first lacrosse in the City League in 1904, but went west for a couple of years, returning in 1913 to his home town. He is a steady defense man, and a great stick-handler. Beecham 21 years of age and weighs 160 lbs.

RUSSELL BLAIN IS THE STAR defense fielder of the outfit. A Brampton boy, he can tear off one end of the stick in ten and one-half seconds and is the keystone of the Excelsors' old man play, which gets them many scores. Blain is 22 years of age and weighs 160 lbs.

PERCY WARRE, ANOTHER defense player, played in the Junior C. J. A. in 1909. He is one of the class of players who "sticks close to his check, and the home man that he is opposed to never gets a chance. He is 25 years old and weighs about 160 lbs.

MELVILLE ASHLEY IS A CAPITAL defense fielder, fast on his feet and tireless. He is 24 years of age and was out of the game from 1909 to 1912. He more than made good last year at second defense field.

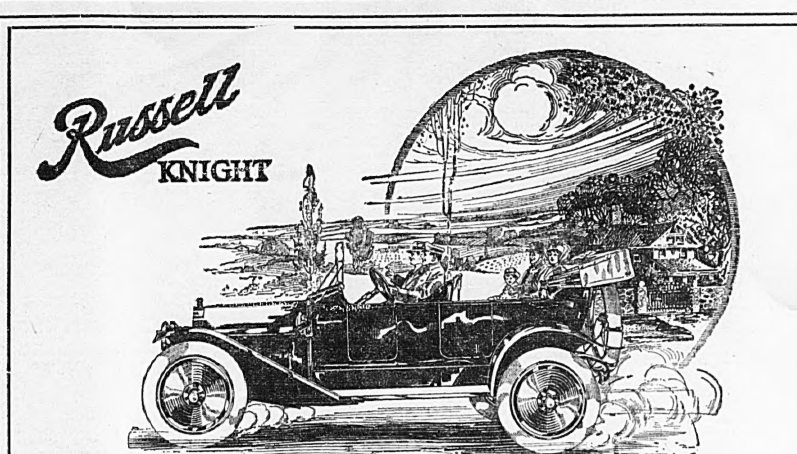

THE CENTER PLAYER ON EVERY lacrosse team has a lot of work to do and Brampton are fortunate in having William Stevens in this position. A great man on the face-off and very fast, he improves with every game. He started with the Brampton Juniors in 1907 and is 23 years old, weighing 145 lbs.

THE THIRD HOME POSITION OF the champions is well looked after with George Spradley who is good enough for any professional team in the country. He is a fast and clever stick handler, and can be depended upon to carry any defense man. He is a Brampton boy, 22 years old, and weighs 145 lbs.

CLARENCE CHARTERS IS NOT only one of the best of the home players, but a booster for the game on the outside. He is a little left, but one of the best shots on the goal. Charters only weighs 135 lbs., but is very dangerous when near the goal. He played juvenile in 1909, and is only 21 years old.

If Sam Crawford's batting streak is to see sickness, Hughie Jennings ought to charter a boat and start the rest of the gang to the high seas. Sam isn't everything out of his system but he has knocked.

Branch Pickets—idea of baseball is to make the players think. Rather a difficult task for anybody in St. Louis. They did not have some material.

The Call Of The Car!

Fresh air and sunshine. Cool brown roads. New faces—new places. Swift flight to drive away care. That's what the "Call Of The Car" means to YOU. Answer the call—and make this your family's finest summer—with a RUSSELL-KNIGHT.

Let them travel the highways in safety. Let them feel country lanes grow smooth beneath the wheels. Let them float along on perfect springs. Let them experience the luxury of upholstery, 12 inches deep. Let them enjoy the beauty of growing country—in COMFORT undreamed of outside the home.

The Car For YOU

While they ride in COMFORT—YOU, at the wheel, conquer miles with a quiet, efficient engine.

You delight in the flexible power-plant, responsive to your lightest wish.

With every trip, you find conveniences never experienced in any other car.

With every mile, you discover new economies, that make upkeep a minor cost. And after your first fifty miles in a RUSSELL, you know why owners call it the "Most Comfortable Car."

Built-In Comfort

For COMFORT is built into—NOT on to the RUSSELL-KNIGHT.

It begins with a wheel base so ample, that you ride between (not over) the wheels. It is increased by a World's Record KNIGHT motor, of matchless flexibility and smoothness. By a velvety clutch, engaging without jerk or jar. By a transmission of exceptional efficiency and quietness. By springs of extreme resiliency, used only on costly cars.

Supreme In Every Feature

THE RUSSELL-KNIGHT is unquestionably the "Most Comfortable Car." Yet COMFORT is but one of its many good points.

It is flexible and powerful. It is economical of gasoline, oil and tires. It is so durable, that it actually grows better with use. It has a straight line, flush-sided body of singular grace and beauty. It is completely equipped. You need only "gas" and oil.

Notable in its equipment are the: Simple electric starting and lighting system (designed solely for the RUSSELL-KNIGHT.)

Timken axles Clock Imported magneto Demountable rims Highest-quality top Head, side, and tail lamps Rain-vision windshield Protective tire carrier Speedometer Complete set of tools, etc. That a car so powerful—so economical, so splendidly fitted—and beautiful beyond words, can be sold for \$2975, is the result of our 10-year policy that the Russell should always be

"MADE UP TO A STANDARD
NOT DOWN TO A PRICE"

Take a ride in the RUSSELL-KNIGHT to-day. Put it to any test—submit it to any trial. You be the judge of how well we build. We rest our case solely on your personal proof.

A visit, card or phone call, puts a RUSSELL-KNIGHT at your command.

Model "28" 4-Cylinder, \$2975. F. O. B. Factory

Second race, 4 furlongs; Spring Board won; Fittergood, 2; Grover Hughes, 3; Time, 1:12.

Time—1:12.

Third, mile and 70 yards—Tommy, won; Wander, second; Samuel H. Meyer, third. Time—1:41.4.5.

Fourth, mile and sixteenth—Flying Fairy, won; Thornhill, second; Buckhorn, third. Time—1:56.

Fifth race, two miles—Borrell, won; Fifth stick, second; High Priest, third. Time—1:45.1.5.

HEAT KILLS FOUR IN
TWO EASTERN CITIES;
OTHERS PROSTRATED

Cleveland, June 9.—A man and a baby were killed by the heat here yesterday. Two men were prostrated. It was the hottest day in years. No relief from the heat was in sight.

Pittsburg, June 9.—Two women and one man were killed by the heat here yesterday. Many prostrations were reported. The maximum temperature was 91, the highest this year.

The most courageous man in captivity has been discovered. He, an unknown, has recently offered \$275,000 for the St. Louis Browns. Pass the Carnegie medal.

CORNER LOT IN

TOWNS VISITED

Sir A. Conan Doyle Sees Great Things Ahead in Future of Dominion.

SPIRITED ADDRESS GIVEN AT WINNIPEG

Before Canadian Club, Famous Writer Exploits Many Views on Progress.

Winnipeg, June 9.—Sir A. Conan Doyle was the guest of the Canadian Club here yesterday.

In the course of his address the creator of Sherlock Holmes, through one of the representatives of the Canadian Club, which he considered a remarkable contrast to the manner in which he had struck him on a visit 20 years ago.

"So great is my belief in the future of this country," he declared, "that I have been tempted to buy a corner lot in every town I have visited. Once I had expected to do his duty, but now it expects him to pay his duty."

Regarding the old country, Sir Arthur said the greatest danger there lay in the drain which Canada and other colonies had left on the money of the European nations, such emigration might prove costly. "But," he added, "whichever way I view my country, from the inside or from a distance, I think it is sound at the core. You might imagine when you saw old John Bull slapping the little monster like the underlings that troubled him, that he was in a bad way, but these things are the surface and there are many indications of a strong national spirit."

He was Sir Arthur's subject, and speaking of Canadian literature, he said he was not alarmed about Canada. Her present literature was to develop her vast material resources, and the time for a great literature would come later. This had been the way of "Greece and the way of England."

Underwriters Meet.

R. L. Nicolson, deputy superintendent of the province of Alberta, and Captain Conrad, of the province of Saskatchewan, were the guests of the Western Canadian Underwriters' association held on Monday.

Mr. Nicolson spoke on the new results achieved by the recent conference of superintendents of insurance for the various provinces recently held in Calgary.

Wage Scale Adjusted.

Pittsburg, Pa., June 9.—Adjustment of the wage scale in Pittsburg district resulted today in many of the 60,000 miners returning to work under a contract which is to be in force for two years.

Auxiliary Meeting Postponed.

The ladies' auxiliary of the Industrial association will not meet on Thursday owing to the illness of its president. The meeting has been postponed for two weeks.

Expect Large Cherry Crop.

Ironville, Ont., June 9.—With the Niagara peach crop is likely to be very short this year, the growers say the cherry crop will be the largest in years.

BUNIONS NO JOKE

Not to the man who has to move about, but a slight application of "Putnam's" softens the thickest tissue and cures the bunion quickly. Just as good for warts, lumps, and callouses is Putnam's Painless Corn Extractor. Use no other, 25c at all dealers.

GRADUATING CLASS

VICTORIA SCHOOL
WILL DEMONSTRATE

Tomorrow evening at 8:15 o'clock in the assembly hall of the Victoria High school the students of the graduating class of the commercial department will hold their first annual exercises. Special demonstrations will be given in speed typewriting, shorthand and penmanship. There will also be several musical selections.

The commercial department of Victoria High school holds the record for producing the greatest number of graduates. Canadian schools taking part in the monthly contests conducted by the United Typewriter company of Toronto, having, in this connection, won four times more diplomas as Calgary, where the enrolment is the largest in the province. A 14-year-old student of Victoria High school has also made a Canadian record for students by breaking the previous Canadian school record by 11 words a minute on an official test. This girl will give several demonstrations on the typewriter as follows: Writing at a high rate of speed in five different languages—Greek, Latin, German, French and English; writing blindfold; writing from dictation and from copy.

Every test will be of the most practical nature and the results certified by outside officials. Absolutely no member of the class will be on the contrary, special letters have been prepared for dictation by Prof. James of the Successor School of Chicago, who is reputed to be one of the greatest living authorities on shorthand. In addition to this, any person who attends can submit a letter for dictation, and any copy for transcription.

Business men interested in commercial training, pupils of Grade VII and their parents, and any other who are desirous of becoming better acquainted with the commercial course as taught in the High schools of the city, are especially invited to attend. Victoria High school is situated at the corner of Churchill Avenue and Second Street, and may be reached by either a First Street or Nelson Avenue car.

STREET RAILWAY NEWS

June 9, 1914.
Maximum number of cars in service June 8, 65.
Passengers carried June 6—47,853.
Passengers carried June 7—21,294.

Interurbans
Route No. 1—At 8:13 a.m. car No. 61 lost three-quarters of a trip having been pushed from McDougall to Ninth street switch, remaining there until men came out. Due to turned out trolley cable.

Car No. 6, Low Level, delayed seven minutes by above.

Route No. 2—At 5:40 a.m. car No. 29 lost one-half trip at Ninth street switch from 11:40 to 12:45, due to wires becoming disconnected and all governed delays.

Route No. 2—At 8:00 p.m. car No. 8 trouble at intersection of Fifth street and Whyte Avenue, having trouble taking switch at this point.

Route No. 4—At 9:00 p.m. car No. 37 delayed 10 minutes by above trouble.

Suggestions.
In alighting from a car be sure it is a standard. Grasp the grab handle with your left hand and step down with your right foot first.

FORWARD TO THE LAND IS MOTTO OF VIKING NEWSPAPER EDITOR

John W. Johnson of Viking is another who sees a promising future for the man who writes his (or forward) to the mind. He believes there is money in mixed farming in central Alberta and also that there are good considerations besides money in life. Mr. Johnson was a full fledged proprietor and editor of a newspaper, the Viking News, but has sold it out and is in the city for a few days prior to his departure for his home in the West. The fourth estate has not as many attractions for Mr. Johnson as real estate.

GIGANTIC SEWER CONTRACT TO BE COMPLETED SOON

Although under the contract awarded to H. C. Lien and company, the firm has until next March to complete the laying of 46,000 feet of trunk sewers, there remains only 1,900 feet to be completed. The contractors have laid 1,000 feet a week, and from this standard it will require less than two weeks to complete the \$1,600,000 contract. The huge task will have been completed more than nine months ahead of time.

FLOODED CELLARS BRINGING TROUBLE TO COMMISSIONERS

The heavy rains of the last week have flooded many of the cellars of all parts of the city and Commissioners Booth and Harrison expect a busy morning visiting residences where the householders make the most strenuous protests. In several instances it was found that considerable damage had been done by water and air that had been made to relieve conditions as soon as possible.

Found Dead in Hotel

William D. Brown, 51 May 21 registered at the Edmonton hotel, was found dead in his room early last evening. It is said that the deceased was drinking and went to his room during the afternoon. That was the last seen of him. A friend who went up to see him later found the man lying on the floor dead. Coroner Firth will hold an inquest tonight at 8 o'clock at the undertaking rooms of Connelly and McKinley.

CAMPAIGN IN AD

OF Y. V. C. A. WILL START MONDAY

Urgency of Financial Needs Commends the Project Before Public.

BUSINESS MEN OF CITY LEND CAUSE ASSISTANCE

"Help the Girls" is Slogan of Campaign—Men Can Afford to Assist.

Ten dollars doesn't stick up to a great deal with the average man-about-town. He'd probably leave off several such bills "on a chance," to promote the vision of a sparkling career or drop that sum at the races with little ado.

Thus, in appealing to every patriotic man in Greater Edmonton, the Young Women's Christian Association and endow it with much material to strike in the broader fields of well-doing for the young women of the land, the committee which has undertaken this, feels a justice in it all.

The committee in charge, composed of Doctor Allen, Messrs. Reid, Brown, Jas. Hanney, A. E. Bowman, M. R. Bunnell and several others, have called for an open meeting in the Y.W.C.A. rooms on Thursday evening, June 11, at 8 o'clock, at which all are welcome. At this meeting will be arranged the canvass of the city for the campaign, and Wednesday and Saturday, by volunteer workers who will be divided into teams. It is the intention to represent the cause well in the halls of the residential districts, with the knowledge that many such will be willing to identify themselves financially, with the work.

To every man donating \$10.00 toward the success of the campaign, \$1.00 will be given a tidy little hand reading, an endorsement of the slogan of the campaign, "Help the Girls." He is forthwith a full-fledged patron of the worthy institution—receiving the social recognition and holding the influence in the community. "Which an honorary member should possess."

Every man can make himself a good fellow in this commendable way—and see his dollars expand into an area of usefulness which will gratify the giver—for does not the Y.W.C.A. stand for a Christian and Civil Endeavor of unparalleled extent in relation to the business, working or homeless girl of today?

The Ministerial Association has started the movement in good earnest and Sunday next a united effort, embracing nearly all city municipalities, will be made to mobilize the entire spirit of brotherly helpfulness which will undoubtedly sweep the city during the three campaign days.

The ultimate good to the local "Y" will be having, placing it on a plane from which it will be able to lift and in a nobler way to uplift, educate and wholesome the city and west's young womanhood.

More will be said of this laudable campaign in the later issues of this paper.
